DETAILED ACTION

Response to Amendment

In regards to the merits of Suzuki (JP 2003-095740) in the previous Non Final Rejection filed 10/27/2006, the applicant arguments that Suzuki has a publication date of October 28, 2004 does not qualify as prior art have been found to be persuasive.

Accordingly, the previous Non-Final-Rejection has been withdrawn.

Reasons for Allowance:

The following is an examiner's statement of reasons for allowance: the prior art does not teach all of the limitations of the claimed inventions including:

- stacking the multilayer units by unrolling the roll body, placing the support sheet with multilayer unit on a layer which the support sheet is to be placed, and separating the support sheet from the multilayer unit, wherein,
- a separation-facilitating surface treatment with a width equal to or greater than the width of the multilayer unit is formed on the back surface of the support sheet and an adhesive part where the separation-facilitating surface treatment is not provided is also formed.

Accordingly, claims 1-10 are allowed.

Art Unit: 3729

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
